

# Schoology Integration

Streamline teacher and student workflows with our new Schoology integration. Teachers can seamlessly add videos to assignments or materials for students to view—all within Schoology. Install the integration so your school or district can get started.

## How to enable Screencastify in Schoology for your organization:

1. Navigate to the App Center in Schoology
2. Find Screencastify in the “Technology” category
3. Click Install
4. Agree to Terms and Conditions
5. Click “Add to Organization” to install for everyone

6. Now log into your Screencastify account and go to account settings
7. Toggle the Schoology Gradebook Integration setting to ON and input the Client ID: **6924201778**
